# PREMIUM STAINLESS STEEL KITCHENS

## STAINLESS STEEL CLASSIC

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass:** 0.8MM Thick SS304 Reinforced Panel
- **Shutter:** 0.8MM Thick SS304 Designer Panel
- **Structure:** Heavy Duty Stainless Build
- **Finish:** Mirror / Satin Finish

## STAINLESS STEEL REGULAR

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass Construction:** 0.8MM Thick SS304 Single Panelled Structure
- **Shutter Construction:** 0.8MM Thick SS304 Precision Fabricated Panel
- **Core Structure:** Non-Foam Solid Stainless Build
- **Finish Options:** Brushed Satin Finish / Protective Matte Coating / High Glossy Finish

## STAINLESS STEEL -STONE

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass Construction:** 0.8MM Thick SS304 Double Panelled Structure
- **Shutter Material:** 0.8MM Premium Italian Stone Finish
- **Core Filling:** High Density Polyurethane Foam Filled
- **Finish Options:** Natural Stone Texture / Matte Stone Finish

## STAINLESS STEEL RUSTIC

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass:** 0.8MM Thick SS304 Reinforced Panel
- **Shutter:** 0.8MM Thick SS304 Rust-Resistant Finish
- **Core Structure:** Solid Stainless Steel Build
- **Finish:** Antique Rust / Textured Matte Finish

## STAINLESS STEEL - ALUMINUM SHUTTERS

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass:** 0.8MM Thick SS304 Reinforced Panel
- **Shutter:** 20MM Thick Aluminum Precision Panel With Acrylic Laminate
- **Core Structure:** Solid Stainless Steel Build
- **Finish:** Mate / Glossy / acrylic Finish with aluminium

## STAINLESS STEEL ANTIQUE BRASS

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass:** 0.8MM Thick SS304 Reinforced Panel Construction
- **Shutter:** 0.8MM Thick SS304 Antique Textured Panel
- **Core Structure:** Solid Stainless Steel Heavy-Duty Build
- **Finish:** Antique Bronze Finish / Textured Matte Finish

## GALVANIZED STEEL WITH PU

- **Base Material:** Galvanized steel
- **Carcass:** 0.8 MM thick Single/Double Panel
- **Shutter:** Premium PU Front Panel
- **Core Structure:** High-Density Foam Filled for Rigidity
- **Finish:** Glossy / Matte PU Finish

## ALUMINIUM WITH ACRYLIC

- **Base Material:** High-Grade Aluminium Alloy
- **Carcass:** Aluminium Frame Structure
- **Shutter:** Acrylic Front Panel
- **Core Structure:** High-Density Foam Filled Aluminium Core
- **Finish:** Glossy / Matte Acrylic Finish

# WARDROBES

## STAINLESS STEEL CLASSIC

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass:** 0.8MM Thick SS304 Reinforced Panel
- **Shutter:** 0.8MM Thick SS304 Designer Panel
- **Structure:** Heavy Duty Stainless Build
- **Finish:** Mirror / Satin Finish

## STAINLESS STEEL REGULAR

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass Construction:** 0.8MM Thick SS304 Single Panelled Structure
- **Shutter Construction:** 0.8MM Thick SS304 Precision Fabricated Panel
- **Core Structure:** Non-Foam Solid Stainless Build
- **Finish Options:** Brushed Satin Finish / Protective Matte Coating / High Glossy Finish

## STAINLESS STEEL -STONE

- **Base Material:** SS304 (Food Grade Stainless Steel)
- **Carcass :** 0.8MM Thick SS304 Double Panelled Structure
- **Shutter :** 0.8MM Premium Italian Stone Finish
- **Core Filling:** High Density Polyurethane Foam Filled
- **Finish Options:** Natural Stone Texture / Matte Stone Finish

## GALVANIZED STEEL - TEXTURED

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Galvanized Panel
- **Shutter:** Galvanized Steel Panel with Premium Textured Surface Design
- **Core Structure:** Solid Metal Build with Heavy-Duty Reinforcement
- **Finish:** Matte / Embossed Metallic Finish with Advanced Textured Coating

## GALVANIZED STEEL - CLASSIC

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Galvanized Panel with Classic Design
- **Core Structure:** Solid Metal Build
- **Finish:** Matte / Embossed Metallic Finish

## GALVANIZED STEEL - ALUMINIUM

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Aluminum Precision Panel Front
- **Core Structure:** Solid Metal Build
- **Finish:** Brushed / Powder Coated Aluminum Finish

## GALVANIZED STEEL - ACRYLIC

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Premium Acrylic Front Panel
- **Core Structure:** High-Density Foam Filled
- **Finish:** Glossy / Matte Acrylic Finish

## GALVANIZED STEEL - PU / POWDER COATING

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Galvanized Panel with PU Coating
- **Core Structure:** High-Density PU Foam Filled
- **Finish:** Glossy / Textured PU Finish

## GALVANIZED STEEL - STONE

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Galvanized Panel
- **Shutter:** Galvanized Steel Panel with Premium Stone Finish Design
- **Core Structure:** Solid Metal Build with Heavy-Duty Reinforcement
- **Finish:** Matte / Embossed Metallic Finish with Stone Texture Coating

## GALVANIZED STEEL - FLUTED PANEL

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Galvanized Panel
- **Shutter:** Galvanized Steel Fluted Panel with Vertical Groove Design
- **Core Structure:** Solid Metal Build with Heavy-Duty Reinforcement
- **Finish:** Matte / Embossed Metallic Finish with Fluted Textured Coating

## GALVANIZED STEEL GLASS SHUTTERS

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Brush Gold Profile with 5MM Thick Glass
- **Core Structure:** Solid Metal Build
- **Finish:** Natural Metallic / Matte Finish

## GALVANIZED STEEL - LEATHER FINISH

- **Base Material:** Galvanized Steel Sheet
- **Carcass:** 0.8MM Thick Reinforced Panel
- **Shutter:** Laminated Wood Panel
- **Core Structure:** High-Density Foam / Wood Core
- **Finish:** Woodgrain / Matte Finish

## ALUMINIUM BASIC PROFILE MODEL

- **Base Material:** High-Grade Aluminium Alloy
- **Carcass:** Lightweight Aluminium Frame
- **Shutter:** Aluminium Panel Front
- **Core Structure:** Solid Aluminium Build
- **Finish:** Brushed / Powder Coated Finish

## ALUMINIUM WITH ACRYLIC

- **Base Material:** High-Grade Aluminium Alloy
- **Carcass:** Aluminium Frame Structure
- **Shutter:** Acrylic Front Panel
- **Core Structure:** High-Density Foam Filled Aluminium Core
- **Finish:** Glossy / Matte Acrylic Finish

## ALUMINIUM WITH DOUBLE SIDED

- **Base Material:** High-Grade Aluminium Alloy
- **Carcass:** Double-Sided Aluminium Frame
- **Shutter:** Both Sides Aluminium Panel
- **Core Structure:** Hollow Aluminium Reinforced Build
- **Finish:** Brushed / Matte Powder Coated Finish

## ALUMINIUM – EDGE BANDING

- **Base Material:** High-Grade Aluminium Alloy
- **Carcass:** Aluminium Frame with Edge Protection
- **Shutter:** Aluminium Panel with Edge Banding
- **Core Structure:** Reinforced Aluminium Build
- **Finish:** Brushed / Matte Edge Finish

# OUR SEAMLESS SHUTTER OPTIONS ARE UNIQUE CHOICE
